#### Who We Are

The State Approving Agency originated when President Franklin D. Roosevelt signed the G. I. Bill of Rights into law in 1944. Congress recognized that each state has the right and responsibility for the education and training of its residents. The State Approving Agency together with the federal government manages veterans' education benefits.

The State Approving Agency's (SAA) role is to approve and supervise the programs of education and training for eligible veterans, dependents, National Guard members and reservists. The Kansas SAA operates as part of the Kansas Commission on Veterans' Affairs.

The SAA must specifically approve each program of education or training in which a veteran or eligible person wishes to use G. I. Bill benefits.

#### Legislative Change Section 122 of Public Law 106-419

As of March 1, 2001, veterans and eligible persons under Chapters 30, 32, and 35 (1606 and 1607 National Guard/Reservists and Chapter 33 eligible persons are now included) are entitled to use their GI Bill benefits to apply for reimbursement for the cost of the exam. The Department of Veterans Affairs (DVA) will only pay for tests that are specifically approved for veterans. The maximum reimbursement per test is \$2000. There is no limit on the number of tests that may be taken except the individual may not exceed maximum entitlement.
